EDUCATION

PSNACET
BE in Computer Science
May 2025 | dindigul, TamilNadu
College of Engineering & Technology
CGPA: 8.81 / 10.0

SOUNDARARAJA VIDYALAYA
Senior Secondary | CBSE
July 2021| dindigul, TamilNadu
Percentage: 88.60 %

LUXOR WORLD SCHOOL
Higher Secondary | IGCSE
Percentage: 81.71 %

COURSEWORK

Web Technologies
Data Structures & Algorithms
Object-Oriented Programming
Data Science & AI/ML
Computer Networks
OS & DBMS

SKILLS

PROGRAMMING
Over 4000 lines:
Javascript · Typescript · Java
Python · HTML · CSS
Over 2000 lines:
C · C++ · MongoDB
SQL · MySQL

TECHNOLOGIES
Js Frameworks and Libraries
Next.js · React.js · Express.js
Recoil.js · Node.js
CSS Frameworks
Tailwind · Bootstrap
UI Libraries
Material UI · Shadcn/UI

ACHIEVEMENTS

leetcode	1976	Knight
codechef	1763	3 ★
geeksforgeeks	Rank 2	380+Ques

Google farewell Coding Rank 1108

PROJECTS

GENIUS | AI - SaaS - Website
FullStack | Aug 2023 | Next.js | React.js | Typescript | Tailwind | Shadcn UI
- *AI Integration:* Genius combines multiple AI models to provide an all-in-one creative solution.
- *Versatile Creativity:* Users can generate *images*, *videos*, *music*, *code*, and engage in AI-powered *conversations*.
- *Subscription Options:* Stripe integration allows free trials and Pro subscriptions for unlimited access.
- *Efficient Data Handling:* Prisma links MongoDB for seamless data management.
- *Instant Support:* Crisp integration offers real-time customer assistance.

THREADS | A Full-fledged Threads clone
FullStack | Aug 2023-now | Next.js | React.js | Tailwind | Shadcn UI
- *Social Media Features:* Successfully implemented all features of the app, including user registration, login, thread creation, and comment posting.
- *Responsive Design:* Developed using Next.js and React.js, the platform offers a seamless experience across devices.
- *Community Feature:* Community feature where users can join communities and create individual or community-based threads.community feature where users can join communities and create individual or community-based threads.
- *Data Storage:* MongoDB and Mongoose integration enables seamless thread and user detail storage and retrieval.
YOUTUBE CLONE | A Dynamic youtube clone
Frontend | July 2023 | React.js | Typescript | Material UI
- *Real-time Video Loading:* Leveraging Rapid API, the application offers dynamic and up-to-date video content, providing users with an authentic experience.
- *Fluid Video Playback:* Seamlessly play videos directly within the application, providing users with an immersive and engaging viewing experience.
- *Responsive Design:* I've ensured that the YouTube clone maintains responsiveness across various screen sizes and layouts.

AWARDS

1st Duo	Code+SQL	Top Coders'23	Sudharsan Engineering College
1st Duo	Datathon	Kurukshetra'23	Anna University Chennai
1st Trio	CPL	YUGAM'23	Kumaraguru College of Technology
2nd Duo	Code2Duo	YUGAM'23	Kumaraguru College of Technology
1st Duo	Tech Quiz	Gyan Mitra'23	Mepco Schlenk Engineering College
1st Duo	Coder's Den	Kreta'23	Thiagarajar College of Engineering
2nd Solo	Codera	Invente'22	SSN College of Engineering
2nd Solo	Reverse Gear	Invente'22	SSN College of Engineering
2nd Duo	Codigo	Threads'23	Sona College of Technology

CERTIFICATIONS

- **Top 1**% **Elite Gold badge** Joy of Computing using **Python**
- **Elite Silver badge** Problem Solving Through Programming in C
- **Top 1**% **Elite Silver badge** Data Base Management System
- **Top 1**% **Elite Gold badge** Programming, Data Structures, and Algorithms
- **Top 1**% **Elite Gold badge** Programming In **Java**
